

# Heart of Georgia Altamaha Citizen's Review Panel

December 13, 2016

Transportation Investment Act of 2010 (TIA)  
Annual Report

Honorable David Ralston,  
Speaker of the House  
State of Georgia

Honorable Casey Cagle  
Lt. Governor  
State of Georgia

This letter serves as a report for the activities of the Citizen's Review Panel for the Heart of Georgia – Altamaha region.

The following individuals currently serve on this Citizen's Review Panel: Roy Herrington of Baxley, Phil Best of Dublin, H. G. Yeomans of Swainsboro, Homer Garnto of Adrian and Billy Trapnell of Metter. The panel met three times during the year, April 7<sup>th</sup> in Metter at the City Hall, July 14<sup>th</sup> in Baxley at the City Hall and December 12<sup>th</sup> in Metter at City Hall. During most of these meetings, we were presented requests for Band Changes and updates on all active and planned TIA projects. All projects in Band 1 are under construction and most have been completed.

There are 279 Band 2 projects, 127 have begun construction in 2016 with many having been completed and all are anticipated to be under budget. This is a challenge since the revenue within our Region is down 20% below the projected revenue. It is felt this is likely due to sales tax exemptions that have been given since the projections were made. The majority of the projects were local in nature and did not have a defined benefit, however, the Department maintains that these projects were completed to accepted industry standards, as intended on the original project submittal applications, and to the satisfaction of the local jurisdictions.

Minutes of the meetings held during this year, 2016, as well as reports on the projects completed during this year are included with this letter. These minutes cover the actions taken by the Panel in reviewing the projects approved in the TIA program.

TIA Administrator Kelvin Mullins, and his staff, as well as other GDOT personnel continue to be very helpful to our communities and this panel in accomplishing the duties assigned, to improve transportation in Region 9. Likewise, Brett Manning, Ex. Director of the Heart of Georgia-Altamaha Regional Commission, and his staff have been vital to the success of this program.

The Panel feels that these projects meet the benefits that were anticipated by their respective communities.

Sincerely

Billy Trapnell  
Chairman

P O Box 74  
Metter, GA 30439

December 13, 2016

Citizen's Review Panel (CRP) Members  
Mr. Billy Trapnell, Chairman  
Heart of Georgia Altamaha (HOGA) Special District

RE: Transportation Investment Act (TIA) of 2010

Dear Citizen's Review Panel Members:

The Georgia Department of Transportation presents the attached update through calendar year 2016 on the Transportation Investment Act of 2010 for the Heart of Georgia-Altamaha Special District. Also attached is a summary of the completed projects in the region within the last year. This summary can be utilized in the determination of benefits by the CRP for completed projects. The Transportation Investment Act of 2010 legislation requires submittal of an annual report by the CRP to the legislators by December 15th each year.

The Department is continuing to manage the Band 2 project list. Of the 276 Band 2 projects, 127 were started Construction in 2016. Unfortunately, economic forecasts for the region continue to show a downward trend. The latest revenue projection for Heart of Georgia is 20.7% less than was originally anticipated. By closely monitoring collections and constructing Band 1 projects under budget, we are confident that we can successfully deliver the remaining projects as originally scoped within the constraints of the latest projections. However, should collections continue to be less than expected, we will have to look for additional savings opportunities, actively pursue additional funding sources, and perhaps adjust projects scopes and/or budgets.

We are closely coordinating with all local governments to ensure successful delivery of the program. The Department remains committed to the people of the Heart of Georgia for showing the state how to take an active role in its transportation future.

This update is provided to you for your information. Please let me know if you need further information regarding the TIA 2010 Program.

Sincerely,

Kelvin H. Mullins,  
TIA Administrator

cc: Diana Pope, Georgia State Finance and Investment Commission  
Brett Manning, Heart of Georgia Regional Commission

**HEART OF GEORGIA ALTAMAHA  
TIA CITIZENS REVIEW PANEL MEETING  
MINUTES  
April 7, 2016**

Members Present

Billy Trapnell, Mayor, City of Metter  
Roy Herrington, Baxley Georgia  
Phil Best, Mayor, City of Dublin

Staff Present

Brett Manning  
Michelle Brown

Guests

Kelvin Mullins, TIA Administrator, GDOT  
Tony Collins, Local Liaison, GDOT  
Kenneth Franks, GDOT TIA Office  
Shrujal Amin, GDOT TIA Office  
Eric Wilkinson, GDOT TIA Office  
Karen Judd, GDOT TIA Office

## CALL TO ORDER

The TIA Citizens Review Panel meeting for April 7, 2016, was held at City Hall in Metter, Georgia. The meeting was called to order at 10:30 A.M. by Chairman Billy Trapnell, Mayor of Metter. Chairman Trapnell welcomed everyone to the meeting and called on Roy Herrington, to give the invocation.

## INTRODUCTION OF GUESTS

Chairman Trapnell stated that we have all been together for a while and knew each other so there was no need for an introduction.

## APPROVAL OF DECEMBER 10, 2015 MEETING MINUTES

Chairman Trapnell stated that the Minutes for the December 10, 2015 TIA Citizens Review Panel Meeting had been mailed out to all Members and he would entertain a motion for approval. A motion was made by Roy Herrington and seconded by Phil Best to approve the Minutes, as mailed. The motion passed with no opposition.

## REVIEW OF BAND CHANGE REQUESTS

Chairman Trapnell called on Brett Manning, to explain the band change request. Brett informed the Panel that there were five local governments requesting band changes. Brett then went over each requested Band 2 changes.

The City of Abbeville requests to move Simon Keen road from Band 3 to Band 2 with the funding for this project at \$59,527; they also request to move Wilson Road from Band 2 to Band 3 with the funding for this project at \$50,856. The net government change for shifting these projects would be an increase of \$8,671 for Band 2 and a decrease of the same amount in Band 3.

The City of Baxley requests to move Foundry Street, which had recently been paved, from Band 2 to Band 3 with a project cost of \$15,400. The net change is \$15,400.

The Town of Cadwell requests to move Coleman Street Segment 3 from Band 2 to Band 3 with a project cost of \$12,674 and Coleman Street Segment 4 from Band 2 to Band 3 with a project cost of \$25,162. The net government change for shifting these projects would be a decrease of \$37,836 for Band 2 and an increase of the same amount in Band 3.

The City of Eastman requests to move Ada Street – 14<sup>th</sup> to Dead End from Band 2 to Band 3 with a project cost of \$13,787; Minter Ct.-Minter Dr. to Dead End from Band 3 to Band 2 with a project cost of \$10,340; Edgewood Rd.-MLK Dr. to MLK Dr. from Band 2 to Band 3 with a project cost of \$25,322; and Harrison St.-1<sup>st</sup> Ave. to Nancy from Band 3 to Band 2 with a project cost of \$26,939. The net government change for shifting these projects would be a decrease of \$1,830 for Band 2 and an increase of the same amount in Band 3.

The City of Mount Vernon requests to move Old Ailey Lothair Road from Band 3 to Band 2 with a project cost of \$168,000; MLK Jr. Dr. from Band 2 to Band 3 with a project cost of \$109,200; and Alston Road from Band 2 to Band 3. The net government change for shifting these projects would be an increase of \$2,800 for Band 2 and a decrease of the same amount in Band 3.

Brett then explained the Project Band Totals. He stated that Band 2 Cumulative Band Changes were a decrease of \$43,595 and Band 3 was increase of \$43,595.

Brett then went over the cumulative band changes totals. For Band 1 an increase of \$532,855 (Band 1 is now complete or under construction); Band 2 an increase of \$290,633; and Band 3 a decrease of \$823,488. Brett explained that these numbers are actual numbers but because some of the governments are cutting cost these numbers are actually lower.

Brett let them know that the Regional Advisory Committee has requested that GDOT approve these changes in their January meeting. Kelvin stated that they have reviewed these projects and they do not have any issues with moving forward with the projects. There being no questions a motion was made by Roy Herrington to approve the requested band changes. A second was made by Phil Best. The vote passed unanimously.

#### TIA PROGRAM UPDATE

Kelvin stated that it's hard to believe we are in 2016. He let them know we are in Band 2 now and it ends on December 31, 2019. He stated there are 300 projects in Band 2 and that they are well under way with those projects. One thing they have done new was developed a Region Overview handout for each TIA region. For the Heart of Georgia Altamaha Region the Total TIA Project Value was \$341 million. The total revenue collected to date is \$90.8 million and some spotlighted projects were also included on the handout. He let them know that these handouts were updated every month.

Kelvin then went over the year-to-date collections. For the HOGARC region the total collections are \$90.8 million. With around \$22.7 million to date being discretionary money which is distributed to all HOGARC local governments. He explained that they are keeping a close eye monthly on the cash flow. He let them know that he works closely with Shrujal keeping an eye on inflation, bid prices, etc. They are still getting good bids. He let them know that they were a little concerned with HB 170 monies and would have to see how that goes. He let them know that they had saved some money on Band 1 projects and don't expect to have any problems with any projects in Band 3.

He let them know that for Band 1 and 2 there are a total of 240 projects in construction or complete at this time. He also let them know that a lot of locals are letting their projects and they will continue to let them go first with delivery of these projects.

Another thing Kelvin pointed out was other regions are looking at our success of passing TSPLOST and want the same for their regions. He stated that the Middle Georgia Region is trying to put together their list so they can vote on it in November. A question was asked on whether there's would be patterned after ours. Kelvin stated that if the whole

region passes it comes to them and they manage it just like they do ours. The one stipulation that is different is that 30% of their projects have to be on STIP.

Kenneth Franks went over Band 2 non-regionally significant projects. He let them know they to date GDOT has let 35 projects in January, February, and March out of three lettings all the lettings came in under budget. These projects will be in Appling, Johnson, Dodge, Laurens, and Wilcox counties. The Dodge, Laurens, and Wilcox projects are some of the smaller towns that were grouped together. Johnson County has three projects and for Appling County the majority is in the City of Baxley with one in the City of Surrency. They have two bridge projects in the June letting. The Chappel Mill Bridge in Laurens County with a project cost of \$394,000 and in Wheeler County the Ochwalkee Creek Bridge with a cost of \$200,000 of TIA money.

He let them know in local let projects there is a total of 134 projects in some phase of delivery. He stated this is how many applications they have approved to let the locals do the work and delivery the projects themselves. Out of those 134 they have 38 in construction. Some of the local let projects coming up are the City of Hazlehurst with 4 projects; the City of Lumber City with 5 projects; and the City of McRae with 8 projects with a TIA value of around \$1.3 million. For the month of June the City of Baxley has one project with a total cost of \$131,000 and the City of Eastman should be letting 33 projects in September with a TIA value of around \$740,000. He let them know that this wraps up what's going on in Band 2.

Tony Collins stated that they have a few that GDOT let in Band 1 that is still under construction. They are four of them, the Oconee River Bridge in Laurens County with around 50% complete with a completion date of September; the U.S. 1 Bridge project in Appling and Toombs counties which is was around 53% complete at the end of March with a completion date of September, 2018; the City of Dublin has an ongoing project on Hodges Street which is for water line relocation; and the other GDOT let project is Montgomery County's Thompson Pond Road which is substantially complete. This project was a four phase project.

Tony mentioned that the GDOT let projects in Band 2 is a project for Dodge County service treatment. He stated that the pre-construction conference had been held and it is Dykes Grassing for 5 projects for service treatment in Dodge County. They are planning to start in the next two to three weeks.

Tony let them know that they still have a few local let projects finishing up in Band 1. He informed them that there are some good projects going on in Bleckley County with a bridge replacement project that the County put some of their money in and are actually redoing the whole bridge. He stated that there was a big project in Wayne County the SR 169 overpass and roadway project it is under construction with around 15% complete.

Tony then went over the Band 2 local let projects. He stated there are 38 projects under construction. He stated they are continuing to get applications in for local deliveries. He mentioned a few projects one being the Appling County Red Oak Road that they are doing a design build, bridge replacement, and roadway resurfacing. They have issued them a NTP. Tattnall County had two projects 22 miles of resurfacing which was a Band

2 project that they went ahead and let early. He let them know that bids are continuing to come in good.

Eric Wilkinson reported on Regional Projects. He let them know that for Band 2 there are four projects, one local let and three GDOT let. Dodge County is in final design with a current let date of January. He stated there may be a delay with railroad coordination but he let them know they would still meet the Band 2 deadline. The Daisy Nevels Bridge over the Canoochee River has just started with the contract signed and they are currently doing a survey. It is currently in the concept phase and has a June, 2017 let date. The bridge replacement at SR 135 will have no detour; they will construct a new bridge beside the existing bridge. The current let date is October, 2018 but more likely will be July, 2019. The TIA monies are \$1.7 million and the project is around \$25 million that is why we have to go through the federal process. Another project is the City of Dublin's Hillcrest Parkway and the City of Dublin will be delivering the project. The current let date is April, 2018 but they believe it will be more like Spring of next year before letting. He let them know they are holding a property owners meeting on April 26<sup>th</sup>.

Eric then stated they have two projects in Band 3. One of them is a passing lanes from Glennville to Reidsville. They have selected a design team and they are currently working on the concept. The other Band 3 project is the widening of Toombs County U.S. 1 and is currently scheduled for December, 2018 let date. The TIA budget is \$58 million for that project and it also has some Federal monies.

Kelvin pointed out that in the June letting the Wheeler County Ochwalkee Creek Bridge project is a Band 3 project. He stated with the HB 170 monies that are for bridges and maintenance type projects they have put together a design build program to replace 35 bridges. He let them know that this project is one they have on the list which is one of our TIA projects. A program decision was made and this project will now be let in Band 2 which will be a benefit to our program with the project only being \$200,000 it doesn't affect the cash flow.

### OTHER BUSINESS

A question was asked by Chairman Trapnell with the money we save on projects will the money be distributed among the local governments. Kelvin stated that the money will stay in the region and be divided like the discretionary money by the LARP formula. Chairman Trapnell then asked what happens in Band 3 if we start coming in over budget. Kelvin stated that as we have saved money throughout the Bands we will use that money to fund projects in Bands as we move forward. The money doesn't go from project to project it goes back in the overall pot.

Another question was asked if anyone knows what the forecast was for oil prices. It was stated that some really smart people were looking into it but they don't believe anyone really knows at this point.

Kelvin pointed out that they are still having trouble with locals paving roads that are on the TIA list with LMIG monies. He told them to call if they are not sure about what projects are on the TIA list.

Brett asked if they knew when the HB 170 monies would start hitting the streets. Someone stated that the money will start this month.

It was mentioned that a program called RAM was going to be used to repair selected portions of the Interstate and perform some needed maintenance.

Brett informed them that there were going to be a couple of Band change request and he would set up a Regional Advisory Committee meeting to get those approved and would then have a Citizens Review Panel meeting possibly in June.

### ADJOURN

There being no further business, Mayor Trapnell asked for a motion to adjourn the meeting. A motion was made by Roy Herrington and seconded by Phil Best to adjourn the TIA Citizens Review Panel Meeting at 11:12 A.M. The vote was accepted unanimously.

Appling County  
Richard Newburn, City Manager, City of Cochran

## CALL TO ORDER

The TIA Citizens Review Panel meeting for July 14, 2016, was held at City Hall in Baxley, Georgia. The meeting was called to order at 10:32 A.M. by Chairman Billy Trapnell, Mayor of Metter. Chairman Trapnell welcomed everyone to the meeting and called on Roy Herrington, to give the invocation.

## INTRODUCTION OF GUESTS

Chairman Trapnell opened the meeting by having each person present introduce themselves.

## APPROVAL OF APRIL 7, 2016 MEETING MINUTES

Chairman Trapnell stated that the Minutes for the April 7, 2016 TIA Citizens Review Panel Meeting had been mailed out to all Members and he would entertain a motion for approval. A motion was made by H.G. Yeomans and seconded by Roy Herrington to approve the Minutes, as mailed. The motion passed with no opposition.

## REVIEW OF BAND CHANGE REQUESTS

Chairman Trapnell called on Brett Manning, to explain the band change request. Brett informed the Panel that there were two local governments requesting band changes. Brett then went over each requested Band 2 changes.

The City of Abbeville requests to move West Neapolis Street from Band 2 to Band 3 with the funding for this project at \$36,061. The net government change for shifting this project would be a decrease of \$36,061 for Band 2 and an increase of the same amount in Band 3.

The City of Swainsboro requests to move several from Band 3 to Band 2, they are: Race Track Street with funding for this project at \$196,000; Martin Luther King Jr. with funding at \$147,000; East Moring Street with funding at \$14,000; and Kite Road with funding at \$289,800. They also requested to move several from Band 2 to Band 3, they are: Prosperity Road with funding for this project at \$84,000; Fortune Loop with funding at \$56,000; West Meadowlake with funding at \$224,000; and Oak Lawn Drive with funding at \$112,000.

Brett let them know that the Regional Advisory Committee has requested that GDOT approve these changes in their June meeting. Kelvin Mullins stated that they have reviewed these projects and GDOT supports moving forward with the projects. There being no questions a motion was made by Roy Herrington to approve the requested band changes. A second was made by H.G. Yeomans. The vote passed unanimously.

## TIA PROGRAM UPDATE

Kelvin thanked the Panel and stated that he was glad to be there. He then let them know about collections through May. The total collections for the Heart of Georgia Altamaha Region are around \$97 million. The 25% discretionary funds are \$24.4 million and the

75% is \$73.474 million. He stated they are keeping a close eye on cash flow and everything is still fine all the way through the projects in Band 3. He let them know they are still building projects on 2011 dollars. He also stated that we had saved a lot of money on Band 1 projects with the bids coming in low.

Kelvin then updated them on Band 2 projects. He stated that we have 277 total projects for Band 2. As of today, 30 of those projects are complete and 73 are in construction, which is one-third of Band 2 already in construction or complete. He reminded them that Band 2 is a four year Band. They plan to have 149 of the 277 projects in construction by the end of the year, which is over 50% in one year.

Kelvin also let them know they had conducted a TIA Survey for all three regions and had around 125 responses. He let them know that the surveys showed a 95% satisfactory rate. Chairman Trapnell thanked GDOT for the great job they are doing.

Kelvin then let them know that bids are still good all around the region. He stated asphalt is coming in around \$75-\$80 a ton.

Eric Wilkinson reported on Regional Projects. He let them know that for Band 2 there are four projects. Dodge County has SR 87 which is a nine mile blended project. TIA monies are around \$6 million with a let date of January, 2017. The Daisy Nevels Bridge over the Canoochee River has just been approved and has a current July, 2018 let date. Another project is the City of Dublin's Hillcrest Parkway widening and the City of Dublin will be delivering the project. They are currently in the right-of-way phase and this is a \$17 million project. The current let date is November, 2017. The bridge replacement at SR 135 over the Altamaha River will be the construction of a new bridge beside the existing bridge on the west side. They are confident they will make the Band 2 let date. This project is blended with \$1.7 million TIA dollars.

Eric then stated they have two projects in Band 3. One of them is passing lanes from Glennville to Reidsville. They are currently in the concept phase with a current let date of November, 2019. This cost of this project is \$10.9 million. The other Band 3 project is the widening of Toombs County U.S. 1 from north of Williams Creek to Green Oak Road and they are currently working on a schedule. The TIA budget is \$58 million for that project and it also has \$100 million in federal monies.

Kenneth Franks went over Band 2 non-regionally significant projects. He let them know in local let projects there is a total of 156 projects that the locals are working on. He let them know they have had really good cooperation between local governments helping each other out with project delivery. GDOT has let 35 projects early on this year that were Band 2. Currently they are planning on letting 18 projects in East Dublin, 13 in Evans and Tattnall counties in early 2017. They also have one project in Wheeler County and two more bridges that GDOT has in design phase for Evans County.

Tony Collins stated that under Band 1 that all projects are under construction. They have four that GDOT let and are still under construction. The Oconee River Bridge in Laurens County with around 50% complete; the U.S. 1 Bridge project in Appling and Toombs counties they are currently working on the temporary bridge, they have also submitted a redesign proposal with around 63% complete; the City of Dublin has an ongoing project

on Hodges Street where they have signal installation installed and they are currently working on drainage; and the other GDOT let project is Montgomery County's Thompson Pond Road which is substantially complete.

Tony informed them they still have eleven local let projects under construction in Band 1. He let them know they had just held a ribbon cutting in Bleckley County for Jones Road Bridge. Laurens County has two bridge replacements on Walke Dairy Creek that are under construction.

Tony then went over the Band 2 GDOT let projects. He stated there are 35 projects under construction with 14 of those being in Baxley. He mentioned a few other projects one being Johnson County with three surface treatment projects; Dodge County has five surface treatment projects that were let back in January, these projects are substantially complete; 13 resurfacing projects were let in March, 2016 for Dodge, Laurens, and Wilcox counties. They have 72 projects they have issued a notice to proceed. He then bragged on Appling County's Red Oak Road which was a design build project which had a bridge replacement and they are currently working on resurfacing the road.

#### OTHER BUSINESS

The Panel commended the staff on the excellent job they have done and continue to do for our Region. They then had some discussion on HB170 and how it would affect the regions who didn't vote for TSPLOST.

#### ADJOURN

There being no further business, Chairman Trapnell asked for a motion to adjourn the meeting. A motion was made by Roy Herrington and seconded by H.G. Yeomans to adjourn the TIA Citizens Review Panel Meeting at 11:12 A.M. The vote was accepted unanimously.

## CALL TO ORDER

The TIA Citizens Review Panel meeting for December 12, 2016, was held at City Hall in Metter, Georgia. The meeting was called to order at 10:30 A.M. by Chairman Billy Trapnell, Mayor of Metter. Chairman Trapnell welcomed everyone to the meeting and called on Roy Herrington, to give the invocation.

## INTRODUCTION OF GUESTS

Chairman Trapnell opened the meeting by having each person present introduce themselves.

## APPROVAL OF JULY 14, 2016 MEETING MINUTES

Chairman Trapnell stated that the Minutes for the July 14, 2016 TIA Citizens Review Panel Meeting had been mailed out to all Members and he would entertain a motion for approval. A motion was made by H.G. Yeomans and seconded by Roy Herrington to approve the Minutes, as mailed. The motion passed with no opposition.

## REVIEW OF BAND CHANGE REQUESTS

Chairman Trapnell called on Brett Manning, Executive Director for the Heart of Georgia Altamaha Regional Commission to explain the band change request. Brett informed the Panel that the City of Dublin and the City of East Dublin had requested band changes but that the City of Dublin has postponed their requested change for now.

The City of East Dublin requests to move Piedmont Drive from Band 2 to Band 3 with the funding for this project at \$20,417 and also move Dorsey Street from Band 3 to Band 2 with funding for this project at \$20,549. The net government change for shifting these projects would be an increase of \$132 for Band 2 and a decrease of the same amount in Band 3.

Brett let them know that the Regional Advisory Committee has requested that GDOT approve these changes in their October meeting. Kelvin Mullins explained that the reason the City of East Dublin has postponed there Band change for now was that they are conducting some additional traffic counts to justify need for a traffic signal. There being no questions a motion was made by Roy Herrington to approve the requested band changes. A second was made by H.G. Yeomans. The vote passed unanimously.

## TIA ANNUAL REPORT

Kelvin Mullins, TIA Administrator, gave a year-end update using a PowerPoint presentation. He then let them know about collections through October 2016. The total collections for the Heart of Georgia Altamaha Region are nearly \$110 million. The 25% discretionary funds are over \$27 million and the 75% is around \$82 million. He stated that the total collected for all three regions was over \$528 million. He then showed them a few photos of how discretionary funds are being used for some projects.

Kenneth Franks went over the Heart of Georgia Altamaha's project overview. He let them know that over one-third of the Region's 764 TIA projects are now complete, including 190 from Band 1 and 75 from Band 2. Sixty-six additional projects are in construction, with 149 more from Band 2 in planning and design. To date 296 miles of roads have been paved or resurfaced and there has been 254 resurfacing projects completed. He then went through several slides showing projects that are completed or approaching completion. In Appling County they have the SR4/US 1 Bridge Replacement over the Altamaha River which is 72% complete. It is a blended project with \$5 million in TIA dollars. The Red Oak Road Bridge is a Band 2 project with 50% complete with a project cost of around \$1.5 million. In Bleckley County they have the Jones Bridge Road which was originally only rehab work. Using TIA funds and some additional funding from other sources they were able to do a complete bridge replacement. The Pineland Estates Road was a dirt road that was paved. The TIA funds were \$113,000 and by using some of their discretionary monies they were able to complete this project. In Candler County they have Windmill Road which was an early Band 2 project that was a dirt road that was paved. They opened this road in October 2016. In Metter, Matthew Street was a Band 1 project with a project cost of \$21,000. With local support they are going to pave this road. In Laurens County they have Hodges Street intersection with a new traffic signal around 65% complete. Another project was the Oconee River Bridge which is set to be completed in July 2017. This is a blended project with \$7.5 million in TIA dollars. The Walke Dairy Bridge is a Band 1 blended project that is a triple bridge replacement. In Wayne County they have the SR 169 Widening and Railroad overpass which was let at the end of Band 1. This is a \$16 million project and should be completed in November 2017.

Eric Wilkerson reported on TIA Regionally Significant Projects. He let them know that six regional projects are in preconstruction and they are: Band 2 projects – Hillcrest Parkway Widening (\$17.4 million). This project will let in November 2017; Widening of SR 87/US 23 from Log Cabin Road to South of SR 257 (\$53 million - \$6.7 million TIA), they are in final design and will let in May 2017; Bridge Replacement on SR 135 over the Altamaha River (\$22 million - \$1.7 million TIA) which is in the design build phase and should be let in June 2019; Bridge Replacement on Daisy Nevils Highway over the Canoochee River (\$2.2 million - \$1.7 million TIA) it is in the preliminary design and should let in July 2018. Band 3 projects – Widening of US 1 in Toombs County (\$102 million - \$59 million TIA) this is one of the largest projects and should let in September 2020; Passing Lanes on SR 23/57 between Glennville and Reidsville (\$10.9 million) this project is currently in the concept phase and preliminary design and should let in November 2019.

Kelvin explained that the TIA revenue collections are down by over 20 percent from the original projections according to the 2016 Annual Status Report from GDOT. He also let them know that every TIA project scheduled is still expected to be delivered. He went over what their plan was to make sure all projects are delivered.

Tony Collins then went over the 2016 Completed Project Status Report. Tony explained that this report shows every project completed in 2016. He stated that under Band 1 they have 14 projects under construction with 4 GDOT let, 2 blended projects, and 8 local let projects. In Band Two, 75 projects have been completed this past year with 117 miles of

resurfacing and several still under construction. Tony then went through the report and let them know how many projects had been completed for each local government.

#### OTHER BUSINESS

Chairman Trapnell and Brett Manning commended the staff on the excellent job they have done and continue to do for our Region.

#### ADJOURN

There being no further business, Chairman Trapnell asked for a motion to adjourn the meeting. A motion was made by Roy Herrington and seconded by H.G. Yeomans to adjourn the TIA Citizens Review Panel Meeting at 11:20 A.M. The vote was accepted unanimously.
