## **Project Sheet**

Project Number: RC07-000063 Project Name: Add Passing Lane on SR 43 (NB and SB) between lake and SR220

**GDOT ID:** 0011377

Project Description: Add a Passing Lane on SR 43 (NB and SB) between the lake and SR 220

Regional Commission: Central Savannah River Area

County: Lincoln County

Phase Total Project Cost Total TIA Amount Comments (Please note all cost estimates are in 2011 dollars and actual costs for all

ALL \$5,500,000 \$5,500,000 phases at year of expenditure will be higher):

Total \$5,500,000 \$5,500,000

## Public Benefit Notes

Maximizing the value of Georgia's Assets

This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.

Ensuring Safety and Security This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor,

and/or intersection.

Additional Benefits

This project would benefit the public by improving mobility along SR 43 Between the Lake and SR 220. Currently the roadway operates with an average annual daily traffic of 1,600 vehicles with a 12% trucks. Adding a passing lane would provide safer passing opportunities for vehicles.
